

## 2019-2020 West Virginia List of Registered Vendors of Instructional Resources

We are pleased to release the **2019-2020 West Virginia List of Registered Vendors of Instructional Resources**. There was no cost to the vendor or publisher to have their name included on this list. Counties are encouraged to select their new Driver Education, Health/Wellness, Music and Visual Art resources from those offered by the vendors on this list. We recommend reaching out to each publisher/vendor to request samples and demo accounts for digital resources for your committee members to review.
