West Virginia Department of Education
Offices of School Operations

Foreword

This chart of accounts presents a listing of the account codes that are to be used by all county boards of education, multi-county vocational centers (MCVCs), public charter schools, and educational service cooperatives (ESCs) in the state of West Virginia for financial accounting and reporting purposes. The publication was prepared by the West Virginia Department of Education (WVDE) in cooperation with the Accounting Procedures Committee and is intended to replace all previous editions of account code listings published by the WVDE.

The account codes presented in this publication have been designed to align closely with the account codes presented by the National Center of Education Statistics (NCES) in its publication entitled “Financial Accounting for Local and State School Districts – 2014 Edition.”

I would like to take this opportunity to thank the staff of the Office of School Operations and Finance and members of the Accounting Procedures Committee for their many hours of dedicated support in updating this publication.

Sincerely,

A handwritten signature in black ink that reads "Michele L. Blatt". The signature is written in a cursive, flowing style.

LOCAL EDUCATIONAL AGENCIES CHART OF ACCOUNTS

INTRODUCTION

The purpose of this publication is to present the account codes that are to be used by county boards of education, multi-county vocational centers, public charter schools, and educational service cooperatives in the State of West Virginia for accounting and financial reporting purposes. The account classifications used are compatible with the guidelines presented by the National Center of Education Statistics (NCES) in its publication entitled "*Financial Accounting for Local and State School Systems – 2014 Edition*".

Copies of this chart of accounts may be obtained by downloading the document from the West Virginia Department of Education's website at <http://wvde.us/> or by contacting the Department of Education, Office of School Finance, Building 6, Suite 650, 1900 Kanawha Boulevard East, Charleston, West Virginia 25305, Telephone Number (304) 558-6300.

LOCAL EDUCATIONAL AGENCIES CHART OF ACCOUNTS

ACCOUNT CODE STRUCTURE

A chart of accounts allows for the classification of financial transactions to facilitate the accumulation of revenues, expenditures and balance sheet accounts in the categories needed for required reports. A chart of accounts also provides for comparability of reported data when compiling or comparing reports from different agencies.

The account codes included in this chart of accounts provide for classifying three basic types of financial activity: revenues and other financial sources of funds, expenditures and other uses of funds, and transactions affecting the balance sheet. For each type of transaction, the specific account code is made up of a combination of classifications called dimensions. The dimensions utilized are as follows:

(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
XX	XXXXX	XXXXX	XXX	XXX	XXXX	XXXX	XX

(1) FUND - The first dimension is a two-digit field that identifies the type of fund. The first digit identifies the basic type and the second digit identifies the sub-fund.

(2) PROJECT - The second dimension is a five-digit field that identifies the project. The first two digits identify whether the project is an unrestricted or restricted project and, if restricted, the basic type of project. Unrestricted projects are identified by either double zeroes (00) or zero one (01) in the first two elements; restricted projects are identified by significant digits in these two elements. For unrestricted projects, the third digit can also be a zero or can be used to identify the fiscal year's funding source; for restricted projects, the third digit identifies the fiscal year's funding source. The fourth and fifth digits identify sub-projects.

(3) REVENUE SOURCE, PROGRAM/FUNCTION, OR BALANCE SHEET ACCOUNT - The third dimension is a five-digit field which is used to identify three basic types of accounts; revenue source, program/function (expenditure), or balance sheet account. The type of account is distinguished by the first two digits of the field. Revenue accounts begin with a zero and the second digit of the dimension identifies the type of revenue. Expenditure accounts begin with a one through nine; the first digit of the dimension identifies the program and the second digit identifies the function. For balance sheet accounts, the first two digits are zero and the dimension identifies the balance sheet account to which the transaction is being posted.

(4) OBJECT - The fourth dimension is a three-digit field that identifies the basic type of account, such as a revenue account, an expenditure account, or a balance sheet account. For expenditure accounts, the dimension also identifies the service or commodity obtained as a result of the specific expenditure.

(5) LOCATION - The fifth dimension is a three-digit field that identifies the location. The first digit identifies the type of building and the second two digits identify the specific building.

(6) COST CENTER - The sixth dimension is a four-digit field that can be used to identify the cost center. The use of this dimension is optional at this time in most circumstances, but its usage is recommended. There are situations where WVDE has mandated a cost center be used for particular expenditures.

(7) SUBJECT - The seventh dimension is a four-digit field that can be used to identify the subject area being taught in instructional programs. The use of this dimension is also optional at this time.

(8) EXPANSION - The eighth dimension is a two-digit field whose use has been reserved for future expansion.

PROGRAM/FUNCTION CODES

PROGRAM CODES - The first digit of the program/function code identifies the instructional program to which an expenditure is being charged. The second digit of this code element identifies the function, and the last three digits identify the activity. All five digits **MUST** be entered to have a complete code. The program codes are:

- 1XXXX Regular Elementary/Secondary Education Programs.** Activities that provide students in pre-kindergarten through grade 12 with learning experiences to prepare them for further education or training and for responsibilities as citizens, family members and workers. Use program 200 for special education programs that focus on adapting curriculum or instruction to accommodate a specific disability; program 300 for vocational/technical programs that focus on career skills; and program 400 for alternative education programs that focus on the educational needs of students at risk of failing or dropping out of school because of academic, behavioral, or situational factors.
- 2XXXX Special Education Programs.** Activities that provide students in pre-kindergarten through grade 12 with learning experiences that are categorized as special programs outside the realm of “regular programs” to prepare them for further education or training and for responsibilities as citizens, family members and workers. These services are related to mental retardation, orthopedic impairment, emotional disturbance, developmental delay, specific learning disabilities, multiple disabilities, hearing impairment, other health impairments, visual impairments including blindness, autism, deaf-blindness, traumatic brain injury, and speech or language impairments.
- 3XXXX Vocational Education Programs.** Activities that provide students with the opportunity to develop the knowledge, skills and attitudes needed for employment in an occupational area.
- 4XXXX Other Instructional Programs - Elementary/Secondary.** Activities that provide students in grades pre-kindergarten through K-12 with learning experiences not included in the programs 100-300 or 500-900. Also inclusive of students receiving services related to gifted and talented programs.
- 5XXXX Non - Public School Programs.** Activities for students attending a school established by an agency other than the State, a subdivision of the State, or the Federal Government, which usually is supported primarily by other than public funds. The services consist of such activities as those involved in providing instructional services, attendance and social work services, health services, and transportation services for nonpublic school students.
- 6XXXX Adult/Continuing Education Programs.** Activities that develop knowledge and skills to meet immediate and long-range educational objectives of adults who, having completed or interrupted formal schooling, have accepted adult roles and responsibilities. Programs include activities to foster the development of fundamental tools of learning; prepare students for a postsecondary career; prepare students for postsecondary education programs; upgrade occupational competence; prepare students for a new or different career; develop skills and appreciation for special interests; or to enrich the aesthetic qualities of life. Adult basic education programs are included in this category.
- 7XXXX Transfers and Reserves.** Activities related to the transfer of funds and budgeted reserves.
- 8XXXX Community Service Programs.** Activities which are not directly related to the provision of educational services in an LEA. These include services such as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities provided by the LEA for the community as a whole or some segment of the community.

PROGRAM/FUNCTION CODES

FUNCTION CODES - The second digit of the program/function code identifies the function and the last three digits identify the activity. The activity codes vary, depending on the function code. For instruction function codes (Function Code 1), the third digit identifies the program again and the fourth and fifth digits identify the instructional activities. For support service function codes (Function Code 2), the third digit identifies the following categories of support services: 1 – Student; 2 – Instructional Staff; 3 – General Administration; 4 – School Administration; 5 – Central Services; 6 – Operations and Maintenance of Plant; 7 – Student Transportation; 8 – Not Used; and 9 – Other Support Services, and the fourth and fifth digits identify the support activities.

The function codes are:

- X1XXX** **Instruction.** Instruction includes the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process. If proration of expenditures is not possible for department chairpersons who also teach, include department chairpersons who also teach in instruction. Full-time department chairpersons' expenditures should be included in X2490.

- X2XXX** **Support Services.** Support services provide administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. These services exist as adjuncts for fulfilling the objective of instruction and community services.

- X3XXX** **Operation of Noninstructional Services.** Activities concerned with providing noninstructional services to students, staff, or the community.

- X4XXX** **Facilities Acquisition and Construction.** Activities concerned with initially acquiring and improving land.

- X5XXX** **Debt Service.** Activities related to servicing the long-term debt of the school district, including payments of both principal and interest.

- X6XXX** **Transfers and Reserves.** Activities related to the transfer of funds and budgeted reserves. **(To be reflected as a transfer for financial statement reporting and used only in program 7).**

term, which should be coded under program function codes 21215 or 21219, respectively.

- 21211** ***Mental Impairment.*** Direct and/or indirect services provided to students with significantly sub-average general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental period, that adversely affects a child's educational performance.
- 21215** ***Multi-Categorical - Academic Coaches.*** Instruction activities dealing with the interaction between academic coaches and technology integration specialists with regular classroom teachers and a mixed group of students with the following disabilities: emotional/behavior disorders, mental impairment and specific learning disabilities, to improve teacher or student performance and integrate 21st Century technological skills in the academic program, including the modeling of effective teaching techniques in the classroom.
- 21219** ***Multi-Categorical - Extended Day/Year.*** Direct and/or indirect services provided to a mixed group of students with the following disabilities: emotional/behavior disorders, mental impairment, and specific learning disabilities provided during an extended day or year, including summer school.
- 21221** ***Hearing Impairment.*** Direct and/or indirect services provided to students with impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance.
- 21223** ***Visual impairment, including blindness.*** Direct and/or indirect services provided to students with impairments in vision that, even with correction, adversely affects a child's educational performance. The term includes both partial sight and blindness.
- 21224** ***Deaf - Blindness.*** Direct and/or indirect services provided to students with concomitant hearing and visual impairments the combination of which causes such severe communication and other developmental and educational needs that these impairments cannot be accommodated by services solely for the deaf or hard of hearing or for the blind or partially sighted.
- 21231** ***Emotional/Behavior Disorders.*** Direct and/or indirect services provided to students with behavior disorders who exhibit one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance: an inability to learn that cannot be explained by intellectual, sensory, or health factors; an inability to build or maintain satisfactory interpersonal relationships with peers and teachers; a general pervasive mood of unhappiness or depression; or a tendency to develop physical symptoms or fears associated with personal or school problems.
- 21232** ***Autism.*** Direct and/or indirect services provided to students with a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age 3, which adversely affects a child's educational performance.
- 21241** ***Specific Learning Disabilities.*** Direct and/or indirect services provided to students with a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in an

PROGRAM/FUNCTION CODES

VALID FUNCTION AND ACTIVITY CODES FOR THE SUPPORT SERVICES FUNCTION CODES - Since the activity codes for the support service function codes are interchangeable with all programs, the function and activity codes are listed with an "X" in the program field:

- X21 Support Services – Student.** Activities designed to assess and improve the well-being of students and to supplement the teaching process:
- X2110 Attendance and Social Work Services - General.** Activities designed to improve student attendance at school and which attempt to prevent or solve student problems involving the home, the school, and the community. **(Recommended, instead of using X2111-X2112)**
 - X2111 Attendance Service.** Activities such as promptly identifying nonattendance patterns, promoting improved attitudes toward attendance, analyzing causes of nonattendance, acting early on nonattendance problems, and enforcing compulsory attendance levels.
 - X2112 Social Work Service.** Activities such as investigating and diagnosing student problems arising out of the home, school, or community; casework and group work services for the child, parent, or both; interpreting the problems of students for other staff members; and promoting modification of the circumstances surrounding the individual student which are related to his or her problem.
 - X2120 Guidance - General.** Activities involving counseling with students and parents; consulting with other staff members on learning problems; evaluating the abilities of students; assisting students as they make their own educational and career plans and choices; assisting students in personal and social development; providing referral assistance; and working with other staff members in planning and conducting guidance programs for students. **(Recommended, instead of using X2121-X2129)**
 - X2121 Guidance - Supervision.** Activities associated with directing, managing and supervising guidance services.
 - X2122 Guidance - Counseling.** Activities concerned with the relationship between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. These activities are to help the student understand his or her educational, personal, and occupational strengths and limitations; relate his or abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development.
 - X2123 Guidance - Appraisal.** Activities that assess student characteristics, are used in administration, instruction, and guidance, and assist the student in assessing his or her purposes and progress in career and personality development.
 - X2124 Guidance - Information Services.** Activities for disseminating educational, occupational, and personal social information to help acquaint students with the curriculum and with educational and vocational opportunities and requirements. Such information might be provided directly to students through activities such as group or individual guidance, or it might be provided indirectly to students, through staff members or parents.

LOCAL EDUCATIONAL AGENCIES CHART OF ACCOUNTS

PROGRAM/FUNCTION CODES

- X2125** **Guidance - Record Maintenance.** Activities for compiling, maintaining, and interpreting cumulative records of individual students, including systematic consideration of such factors as: home and family background, physical and medical status, standardized test results, personal and social development and school performance.
- X2126** **Guidance - Placement.** Activities that help place students in appropriate situations while they are in school. These could be educational situations, part-time employment while they are in school, and appropriate educational and occupational situations after they leave school. These activities also help ease the student's transition from one educational experience to another. The transition may require, for example, admissions counseling, referral services, assistance with records, and follow-up communications with employers.
- X2129** **Guidance - Other.** Guidance services which cannot be classified above.
- X2130** **Health - General.** Physical and mental health services which are not direct instruction. Included are the activities that provide students with appropriate medical, dental, and nursing services.
- X2131** **Health - Supervision.** Activities associated with directing and managing health services.
- X2132** **Health - Medical.** Activities concerned with the physical and mental health of students, such as health appraisal, including screening for vision, communicable diseases, and hearing deficiencies; screening for psychiatric services, periodic health examinations; emergency injury and illness care; and communications with parents and medical officials.
- X2133** **Health - Dental.** Activities associated with dental screening, dental care, and orthodontic activities.
- X2134** **Health - Nursing.** Activities associated with nursing, such as health inspection, treatment of minor injuries, and referrals for other health services.
- X2135** **Health - Needs Assessment and Treatment Planning.** Activities associated with developing a treatment plan to meet the needs of a student with a disability or multiple disabilities. The treatment plan is a product of collaboration between a parent or adult student and educators who, through full and equal participation, identify the unique needs of a student with a disability and plan the special education and health related services to meet those needs. It sets forth in writing a commitment of resources necessary to enable the student to receive needed special education and health related services. The treatment plan is a management tool that is used to ensure that each eligible student is provided special education and health related services appropriate to the student's special needs. It serves as an evaluation device for use in determining the extent of the student's progress toward meeting the projected outcomes. **(Should only be used for services provided by vendors or for materials and supplies. Do not use for employee labor and related fixed costs.)**
- X2136** **Health - Care Coordination.** Activities associated with assisting students with a disability or multiple disabilities in gaining access to special education and health

BALANCE SHEET ACCOUNT CODES

The balance sheet account code dimension is a five-digit field located in the third element of the account code structure that identifies different balance sheet accounts used by county boards of education. Balance sheet accounts can be distinguished from revenue and program/function accounts by the fact that the first two digits of balance sheet accounts are zeroes. The third digit identifies the type of balance sheet account: 1 - current assets; 2 – fixed assets; 3 – deferred outflows of resources; 4 - current liabilities; 5 - long-term liabilities; 6 – deferred inflows of resources; and 7 - fund equity.

**LOCAL EDUCATIONAL AGENCIES
CHART OF ACCOUNTS**

BALANCE SHEET ACCOUNTS

001 Current Assets.

0010 Cash.

00101 *Cash in Bank.* All funds on deposit with a bank or savings and loan institution, normally in non-interest-bearing accounts. Interest-bearing accounts are recorded in investments.

0011 Investments.

00111 *Investments.* Securities and real estate held for producing income in the form of interest, dividends, rentals, or lease payments. Investments should be presented at fair value as of the reporting date. Gains and losses from changes in the fair value of investments are recorded

00112 *Unamortized Premiums on Investments.* The excess of the amount paid for securities over the face value that has not yet been amortized. Use of this account is restricted to short-term money market investments.

00113 *Unamortized Discounts on Investments (Credit).* The excess of the face value of securities over the amount paid for them that has not yet been written off. Use of this account is restricted to short-term investments.

00114 *Deposit with Municipal Bond Commission.* Monies belonging to the LEA that are held at the Municipal Bond Commission.

00115 *Interest Receivable.* The amount of interest receivable on investments, excluding interest purchased. Interest purchased should be shown in a separate account.

0012 Taxes Receivable.

00121 *Taxes Receivable.* The uncollected portion of taxes that a school district or government unit has levied and that has become due, including any interest or penalties that may be accrued. Separate accounts may be maintained on the basis of tax roll year, current and delinquent taxes, or both.

00122 *Allowance for Uncollectible Taxes (Credit).* The portion of taxes receivable estimated not to be collected. The account is shown on the balance sheet as a deduction from the Taxes Receivable account to arrive at the net taxes receivable. Separate accounts may be maintained on the basis of tax roll year, delinquent taxes, or both.

0013 Due from Other Funds.

00131 *Due from Other Funds.* Amounts that are owed to a particular fund by another fund in the government reporting entity and that are due within one year.

0014 Intergovernmental Receivables.

00141 *Intergovernmental Receivables.* Amounts due the reporting government from another government. These amounts may represent intergovernmental grants, entitlements or shared revenues or may represent taxes collected for the reporting government by an intermediary collecting government, loans and charges for goods or services rendered by the reporting government for another government.
