## **Honors Hall**

The Governor's Computer Science Institute students will be living in the Honors Hall, which serves as the Honors College residence hall and houses the Honors College office. The rooms are two-bedroom suites connected by a bathroom. These rooms have hardwood floors and air-conditioning. The Honors Hall has laundry facilities, but we do not plan on providing students with time to do laundry; therefore, students should plan to bring clothes for all seven days and should not plan to do laundry during their stay.

Breakfast, lunch, and dinner will be provided for students each day.

### **Move-in Instructions:**

Use the Honors Hall turn-in on 2<sup>nd</sup> Street (please have someone stay in the car) for unloading your luggage, while your student comes into Honors Hall to check in.

Once your student has their key and your luggage has been removed from the vehicle, you need to move to a more permanent parking spot -- this makes room for others to unload their luggage in the turnaround. There is metered parking along Grant Street beside the building, as well as short-term parking lots to which the staff can direct you. Have a passenger stay with your luggage and begin the move up to the third floor GSI rooms. There will be carts available to make the move easier, but please return them as soon as possible so other students can make use of them. We hope that this will provide the most efficient way possible to move all the students into the Honors Hall. Thank you for your cooperation!

### Move-out Instructions:

We hope to be done with the banquet between 12:30PM and 1:00PM. You will need to park in the metered spots on the street, or in the paid short-term parking lot across the street. When moving your child out, you may use the turn-in, but you will need to be careful to make sure that there is someone with the car at all times, and that you are being considerate of other parents wanting to use the turn-in.

We hope that this will provide the most efficient way possible to move all the students out of the Honors Hall. We appreciate your patience and ask for your cooperation to make sure everything goes smoothly.
