School Finance Hot Topics 10.24.19

Winter WVEIS Registration Information

The Winter WVEIS Conference will be held on December 10, 2019 at the Embassy Suites in Charleston, WV. An agenda will be provided at a later date, but the topics tentatively include Kim Harvey's Year-End instructions, FY21 Budget Instructions and the FY19 Medicaid Annual Cost Report Instructions. Lunch will be on your own.

The registration link is below. Please be sure to register by the cutoff date of December 3, 2019.

https://wveis.k12.wv.us/wveis2004/winter19.cfm

A block of rooms was reserved at the Embassy Suites for the December 10th meeting. Please see the instructions below provided by the Embassy Suites:

eis is the three-letter code for people to use when calling for reservations and they need to call in by November 25th midnight to receive the rate. After the cut-off date, the rooms and or the rate might not be available.

They will need to provide a credit card number to hold the room. 304-347-8700 or 1-800-embassy and ask for reservations.

It's very crucial that all guest make their reservations before the cut – off date.

\$139.00 Single / Double occupancy

\$149.00 Triple occupancy

\$159.00 Quad occupancy

NOTE: If anyone needing their reservation set up for direct billing to their county – Reach out to Ryan Wilkinson (Group rooms coordinator) 304-352-6440.

Medicaid Update

MAC Quarterly Cost Report Preparation: Jul-Sep 18 and Apr-June 19

The MAC quarterly cost reports for the Jul-Sep 18 and Apr-Jun 19 quarters were opened on Thursday, October 17, 2019 for completion. Both quarterly cost reports will be due on **November 22, 2019**, as they must be completed prior to the opening of the annual Medicaid cost report for the 2018-19 school year in PCG's system.

Please note that the names on the Jul-Sep 18 quarterly cost report will be populated using the preceding Apr-Jun RMTS roster. As with the other Jul-Sep quarters that have been completed, county boards of

education will have the ability to include costs for individuals who replaced individuals included in April-June but who subsequently left employment. You cannot add new positions.

MAC Quarterly Cost Report Changes: Jan-Mar 18 and Apr-June 18

The Jan-Mar 18 and Apr-Jun 18 quarterly cost reports still need to have the Medicaid billing contractor costs removed since those quarters were completed prior to the new guidance on billing contractors being issued by DHHR/PCG. It is anticipated that these quarters will be reopened in November 2019 for the adjustments to be made. PCG will reach out to counties individually to make these adjustments.

MAC Quarterly Cost Report Changes: Jan-Mar 19

Beginning in January 2019, county boards of education started using the new guidance from DHHR/PCG for recording Medicaid billing services. However, for the Jan-Mar 19 quarter, it was discovered that even though county boards of education included the Medicaid billing specialists on their RMTS rosters as instructed, those individuals were not being included on the Salaried Staff listing on PCG's website. PCG instructed districts to complete the report to the best of their ability in order to meet the cost report submission deadline, which meant that county boards of education were unable to include the Medicaid billing costs in the original submission.

PCG is most likely going to handle the addition of the Medicaid billing contractor costs for the Jan-Mar 19 quarter through the desk review process that is expected to occur in January 2020. PCG will reach out to the counties during the desk review process to make those additions. There is a possibility this will be handled like the Jan-Mar 18 and Apr-Jun 18 quarters – a final decision has not been made at this time.

MAC Paybacks for April-June 16

The Apr-Jun 16 quarter was the quarter that paid in June of 2018 <u>before</u> the revised guidance was given by PCG related to the RESA billing costs. Counties already made adjustments for these costs in February 2019 and it is anticipated that PCG will calculate a payback amount related to the Apr-Jun 16 quarter during the time frame that the adjustments will be made for Jan-Mar 18 and Apr-Jun 18 quarters. Counties will receive payback letters for the amount that they owe back related to the Apr-Jun 16 quarter. We will let you know more about the timing of any payback letters as we learn more.

Medicaid Timeline Summary

Below is a summarization of the anticipated timelines and due dates related to the quarterly cost reports:

		2019		2020	
	October	November	December	January February	
April-June 16			CPEs/Invoices		
January-March 18		Contractor Adj.	CPEs/Invoices		
April-June 18		Contractor Adj.	CPEs/Invoices		
July-September 18	Dat	ta Collection		Desk Reviews	
January-March 19				Desk Reviews	CPEs/Invoices
April-June 19	Data Collection			Desk Reviews	

See also the attached one-page summary of the MAC claims back to inception of the MAC program in July 2014.

Annual Cost Report

PCG will be conducting training related to the annual cost report at the Winter WVEIS training in December. The FY19 annual cost report will be opened December 2, 2019. However, county boards of education should <u>NOT</u> work on the Salaried Staff section of the annual cost report until after the December 10, 2019 training. Counties will be free to work on other sections of the annual cost report between December 2nd and December 10th, such as transportation, direct contracted services, etc.

HB 206 Budget Revisions

Several county boards of education have not yet submitted their required HB 206 budget revisions for approval. As a reminder, those budget revisions are due no later than October 31, 2019. If you need an extension due to the timing of your next board meeting or for any other reason, please contact the Office of School Finance so we can arrange a mutually agreeable alternate submission date.

See the attached memo with instructions on the completion of the HB 206 budget revisions.

COUNTY BOARDS OF EDUCATION SUMMARY OF MAC CLAIMS TO DATE

Jul-Sep 2014	Paid March 2019
Oct-Dec 2014	Paid March 2019
Jan-Mar 2015	Paid March 2019
Apr-Jun 2015	Paid March 2019
Jul-Sep 2015	Paid March 2019
Oct-Dec 2015	Paid March 2019
Jan-Mar 2016	Paid March 2019
Apr-Jun 2016	 Paid June 2018 PCG to calculate payback amounts (for some districts) due to RESA Medicaid billing costs Payback letters will be issued
Jul-Sep 2016	• TBD
Oct-Dec 2016	• Paid December 2018
Jan-Mar 2017	• Paid December 2018
Apr-Jun 2017	• Paid June 2019
Jul-Sep 2017	• Paid September 2019
Oct-Dec 2017	Paid September 2019
Jan-Mar 2018	 Quarter to be reopened in November 2019 for Medicaid billing contractor cost adjustments
Apr-Jun 2018	 Quarter to be reopened in November 2019 for Medicaid billing contractor cost adjustments
Jul-Sep 2018	 Quarter to be opened in October 2019 for costs to be entered
Oct-Dec 2018	Cost Reports completedMAC claim not yet paid
Jan-Mar 2019	 Medicaid billing contractor costs will most likely be added during the desk review process in January 2020, but there is a possibility of reopening in November 2019 for corection
Apr-Jun 2019	 Quarter to be opened in October 2019 for costs to be entered
Jul-Sep 2019	 Quarter to be opened in January 2020 for costs to be entered
Oct-Dec 2019	 Quarter to be opened in January 2020 for costs to be entered

OSF MAC Claims Summary 10/18/2019

1900 Kanawha Boulevard, East, Building 6 • Charleston, WV 25305 wvde.us

Date: September 3, 2019

To: Chief School Business Officials

From: Amy Willard, CPA, MPA

WVDE Executive Director of School Finance

RE: Required FY20 Budget Revisions Due to HB 206

As you are aware, the original FY20 budgets prepared by the county boards of education were based on the preliminary state aid calculations. Dr. Paine's approval letter for the proposed FY20 budgets contained the following language:

The approval of the proposed budgets for the 2019-20 year was based on preliminary state aid funding information. Changes to the approved budgets may be required as the result of the passage of House Bill 206 by the Legislature during the recent special session. Guidance on any required changes to adjust the budgets to the final state aid funding amounts will be provided in the near future after the Governor makes a final determination regarding the legislation.

HB 206 Overview

HB 206 made several extensive changes to the Public School Support Plan (PSSP) that must now be incorporated into the 2019-20 budgets by each county board of education. A brief description of the PSSP changes that resulted in additional funding for county boards of education can be found below:

- Change in the local share percentage from 90% to 85%
- Increase in the Step 6a percentage from 70.25% to 71.25%
- Change in the Step 5 calculation to fund at a ratio of 5 positions per 1,000 students in net enrollment
- Change in the calculation of additional students for funding purposes for counties with enrollment of less than 1,400 students
- Increase in the faculty senate amount from \$200 to \$400

State aid funding for county boards of education for FY20 was also increased due to the annual across-the-board salary increases for professional (\$2,120) and service (\$1,150) employees and the three-step salary increases for eligible math and special education teachers.

Beyond the changes in HB 206 that provided additional funding, the legislation also contained a clause that requires that state aid be disbursed in the form of block grants and free from limitations included in

Article 9A of Chapter 18. Specifically, the following state aid funds were previously considered restricted and the language of the bill relieved districts from spending restrictions in these areas:

- Bus Replacement/Additional Bus Funding previously had flexibility of up to \$200,000 for alternative purposes if certain safety standards were met
- Step 7a (Improvement of Instructional Programs)— previously up to 50% could be used for personnel and another 25% could be used for alternative purposes
- Step 7b (Improvement of Instructional Technology) previously had flexibility to use up to 100% for TSS positions and up to 50% for alternative purposes
- Step 7c (Advanced Placement)
- Step 7d (Teacher and Leader Induction)
- Academic Classroom Curriculum Trips

The following restricted state aid items come from articles other than 9A and thus remain in place under the HB 206 language:

- Professional Staff Development Councils
- Service Staff Development Councils
- Faculty Senate Funding

Required FY 20 Budget Revisions

All county boards of education are required to make necessary budget revisions to incorporate the changes from HB 206 in their 2019-20 budgets. The budget revisions must be made and submitted to the WVDE through the normal budget revision process in WOW by no later than <u>October 15, 2019</u>. The Office of School Finance will be tracking the submission of the required entries and will follow-up with county boards of education that do not submit the required budget revision entries.

To assist county boards of education in making the required budget revisions related to HB 206, the WVDE Office of School Finance has prepared a variety of schedules comparing the preliminary state aid calculations to the final state aid calculations and also the final state aid calculations to the actual budgeted amounts from each county's originally approved budget.

The following schedules have been provided to assist with the additional transfers and budget supplements that are necessary due to the passage of HB206. These schedules were prepared using the amounts that were originally approved in each county's budget based on the preliminary state aid funding information. If changes have been made to a county's budget since June 28, 2019 when the provisional approval letter was provided, the amounts in theses provided schedules will not reflect those changes.

<u>PBNSA 20 – Final Comps:</u> The normal PBNSA 20 schedule was updated using the final state aid funding amounts and updated to reflect the changes from the block grant funding language of HB 206.

Schedule 1: Schedule 1 details the <u>total</u> additional state aid funding by step of the formula for each county board of education due to the passage of HB 206.

<u>Schedule 2:</u> Schedule 2 shows the detail related to the additional <u>unrestricted</u> state aid each county will receive due to the passage of HB 206. The total on this schedule exceeds the grand total increase from HB206 due to the block grant provision of the legislation. Bus replacement funds and all parts of Step 7 were reflected as an increase in unrestricted state aid since they are now free from restriction.

<u>Schedule 3:</u> Schedule 3 provides the detail related to the additional <u>restricted</u> state aid due to the additional faculty senate amounts per HB 206. It does not include reductions in restricted state aid revenue due to the block grant language and only reflects the faculty senate increase.

Schedule 4: Schedule 4 compares the total amount of unrestricted state aid from the PBNSA 20 — Final Comps schedule to the amount of unrestricted state aid revenue (Revenue Source code 03111) budgeted by each county in their original proposed budget. The final column in this schedule is the additional amount that counties must budget as unrestricted state aid revenue. Schedule 6 will provide further breakout of this additional amount of unrestricted state aid revenue.

<u>Schedule 5:</u> Schedule 5 provides the detailed calculations related to the additional staff development amounts that counties must budget due to the passage of HB 206. The salary allowances under PSSP increased, so the corresponding staff development council amounts increased accordingly.

<u>Schedule 6:</u> Schedule 6 outlines the various budget revision entries that must be made to the FY20 budgets due to the passage of HB 206. Budget revision amounts are highlighted yellow in the schedule. Additional explanations of the entries from the schedule are included below. Specific instructions are provided for Doddridge County since they do not receive state aid funding and must budget differently than other county boards of education:

- Curriculum Trips: The block grant provision of HB 206 eliminated the requirement for county boards of education to set aside funds for Academic Classroom Curriculum Trips. In the original budgets, counties budgeted for the Academic Classroom Curriculum Trips in Project 0805X using one of two methods.
 - Method One: Some county boards of education (those in the first column on page 1) budgeted unrestricted state aid revenue (Revenue Source Code 03111) directly into the project in Fund 61. County boards of education that utilized that method will do a budget revision to reverse the full amounts originally budgeted in Fund 61 and then budget the corresponding unrestricted state aid revenue directly into Fund 11. There is no longer a requirement to spend the funds on curriculum trips, so the debit of the Fund 11 entry can be to any allowable expense account. No unrestricted project number was created in the Chart of Accounts for Academic Classroom Curriculum Trips for use in Fund 11.

- Method Two: Some county boards of education included the unrestricted state aid revenue (Revenue Source Code 03111) in Fund 11 in their original budget and then did a transfer from Fund 11 into Fund 61 (Revenue Source Code 05211) in Project 0805X. County boards that utilized method two would need to reverse the full amount of transfer revenue and corresponding expenses in Fund 61. In Fund 11, the revenue amount already budgeted is correct, but the county will no longer be doing a transfer into Fund 61, so a budget revision would be needed to credit fund transfers out of Fund 11 (Object Code 911) and debit another appropriate expenditure account.
- o **Doddridge County:** Doddridge County should follow the instructions for Method Two.
- state aid revenue amounts budgeted to project 0803X for bus replacement and additional buses using revenue source code 03211. Because these funds are no longer considered restricted state aid, the full amount budgeted to project 0803X should be reversed in Fund 61 and budgeted in Fund 11 using revenue source code 03111. There was no unrestricted project number created in the Chart of Accounts for Bus Replacement for use in Fund 11. County boards of education could create a local project number in the 99XXX series if desired, but the simple use of object code 741 (Bus Replacement) could be used for tracking purposes moving forward in Fund 11.

Doddridge County originally budgeted bus replacement funds as a transfer out of Fund 11 into Fund 61. Doddridge County should reverse the full amount of the transfer revenue and corresponding expenses in Project 0803X in Fund 61. In Fund 11, the county will no longer be doing a transfer into Fund 61, so the county should credit fund transfers out (Object Code 911) and debit either Bus Replacement (Object Code 741) or another allowable expense code if the county does not plan to spend the funds for that purpose.

- Staff Development Councils: All county boards of education and MCVCs have already budgeted an amount for professional and service staff development councils based off the preliminary computations. Due to the passage of HB 206, the amounts required to be budgeted for Staff Development Councils increased. See Schedule 5 for more detail. County boards of education used two different methods to budget for the staff development councils in their initial budget.
 - Method One: Some county boards of education budgeted unrestricted state aid revenue (Revenue Source Code 03111) directly into the Projects 0801X and 0802X in Fund 61. County boards of education that utilized that method will need to increase their budgets in Fund 61 by the indicated amounts from Schedule 6 by crediting Revenue Source Code 03111 and debiting the appropriate expenditure accounts.
 - Method Two: Some county boards of education included the unrestricted state aid revenue (Revenue Source Code 03111) in Fund 11 in their original budget and then did a transfer from Fund 11 into Fund 61 (Revenue Source Code 05211) in Projects 0801X

and 0802X. County boards that utilized method two would need to increase the amount of unrestricted state aid revenue budgeted in Fund 11 (credit Revenue Source Code 03111) and increase Fund Transfers Out (debit Object Code 911) by the amount indicated on Schedule 6. In Fund 61, the county would also need to credit Revenue Source Code 05211 and debit the appropriate expenditure account by the amounts indicated in the schedule.

- O Doddridge County: Doddridge County will need to increase the amount of Fund Transfer Out in Fund 11 (debit Object Code 911) by the amounts indicated on Schedule 6. There would be no additional revenue to the county in Fund 11, so the credit portion of the entry would either be to take funds out of a reserve for contingency account or reduce another expenditure. In Fund 61, the county would credit Revenue Source Code 05211 and debit the appropriate expenditure account by the amounts indicated in the schedule.
- Step 7a (Improvement of Instructional Programs): There are multiple changes to Step 7a due to HB 206. First, the statewide total amount for Step 7a in the final state aid calculations for FY20 was approximately \$1.98 million less than the preliminary amount since there was no growth in local share after the local share percentage was decreased. Second, the block grant provision of the legislation removed all restrictions from the Step 7a funds. Although the funds are no longer restricted, several districts inquired about continuing to use the same Project Number 01YXX for Step 7a funds moving forward so that there is continuity in tracking Step 7a expenditures. To accommodate that request, Project 01YXX was moved to the unrestricted project number section in the LEA Chart of Accounts for the 2019-20 school year.

County boards of education will need to reverse the full amount originally budgeted under Revenue Source Code 03211 in Project 010XX in Fund 61 since the funds are no longer restricted. County boards of education will then need to budget their lower, revised amount of Step 7a funding from the schedule in Fund 11 using Revenue Source Code 03111. County boards of education are permitted to utilize project 010XX as described above or can use project 00000 if more precise tracking is not desired in the general fund. WVDE recommends using project 010XX for tracking Step 7a expenditures even though such funds are no longer restricted.

Doddridge County originally budgeted Step 7a as a transfer out of Fund 11 into Fund 61. Doddridge County should reverse the full amount of the transfer revenue and corresponding expenses originally budgeted in Project 010XX in Fund 61. In Fund 11, the county will no longer be doing a transfer into Fund 61, so the county should credit fund transfers out (Object Code 911) for the amount originally budgeted for Step 7a. The debit side of that Fund 11 entry could be to a reserve for contingency account or another allowable expenditure line. If Doddridge County chooses to track Step 7a in Fund 11 using project 010XX, the county would do an intrafund transfer within Fund 11. Project 01YXX would have revenue from Revenue Source Code 05281 (Intrafund Transfer In) and Project 00000 would have an Intrafund Transfer Out (Object 911) in the lesser amount from the final computations.

• Step 7b (Improvement of Instructional Technology): There are multiple changes to Step 7b due to HB 206. First, the statewide total amount for Step 7b in the final state aid calculations for FY20 was approximately \$3.97 million less than the preliminary amount since there was no growth in local share after the local share percentage was decreased. Second, the block grant provision of the legislation removed all restrictions from the Step 7b funds. Because of the numbering series in the LEA Chart of Accounts, WVDE was unable to continue the use of the previous 08Y8X project number moving forward. County boards of education that wish to track Step 7b funds separately in Fund 11 will need to create a local project number in the 9XXXX series to track the funds separately. Separate tracking is not required.

County boards of education will need to reverse the full amount originally budgeted under Revenue Source Code 03211 in Project 0808X in Fund 61 since the funds are no longer restricted. County boards of education will then need to budget their lower, revised amount of Step 7b funding from the schedule in Fund 11 using Revenue Source Code 03111 in project 00000. County boards that wish to track the funds separately in 9XXXX project should use the intrafund transfer process instead of budgeting the unrestricted state aid revenue directly into project 9XXXX. See Doddridge County instructions for more detail related to the intrafund transfer process.

Doddridge County originally budgeted Step 7b as a transfer out of Fund 11 into Fund 61. Doddridge County should reverse the full amount of the transfer revenue and corresponding expenses originally budgeted in Project 0808X in Fund 61. In Fund 11, the county will no longer be doing a transfer into Fund 61, so the county should credit fund transfers out (Object Code 911) for the amount originally budgeted for Step 7b. The debit side of that Fund 11 entry could be to a reserve for contingency account or another allowable expenditure line. If Doddridge County chooses to track Step 7b in Fund 11 using project 9XXXX, the county would do an intrafund transfer within Fund 11. Project 9XXXX would have revenue from Revenue Source Code 05281 (Intrafund Transfer In) and Project 00000 would have an Intrafund Transfer Out (Object 911) in the lesser Step 7b amount from the final computations.

• Step 7c (Advanced Placement): HB 206 removed the restriction on Step 7c funds, but the amount funded did not change. Because the funds are no longer restricted, the full amount budgeted to Project 0806X in Revenue Source Code 03211 must be fully reversed in Fund 61. The county must then budget the same amount in Fund 11 under Revenue Source Code 03111 in Project 00000. County boards that wish to track the Step 7c funds separately in a local 9XXXX project should use the intrafund transfer process instead of budgeting the unrestricted state aid revenue directly into project 9XXXX.

Doddridge County originally budgeted Step 7c as a transfer out of Fund 11 into Fund 61. Doddridge County should reverse the full amount of the transfer revenue and corresponding expenses originally budgeted in Project 0806X in Fund 61. In Fund 11, the county will no longer be doing a transfer into Fund 61, so the county should credit fund transfers out (Object Code

911) for the amount originally budgeted for Step 7c and debit another allowable expenditure line.

• Step 7d (Teacher & Leader Induction): There are multiple changes to Step 7d due to HB 206. First, the statewide total amount for Step 7d in the final state aid calculations for FY20 was approximately \$3.97 million less than the preliminary amount since there was no growth in local share after the local share percentage was decreased. Second, the block grant provision of the legislation removed all restrictions from the Step 7d funds. County boards of education that wish to track Step 7d funds separately in Fund 11 will need to create a local project number in the 9XXXX series to track the funds separately and use the intrafund transfer process. Separate tracking is not required.

County boards of education will need to reverse the full amount originally budgeted under Revenue Source Code 03211 in Project 0807X in Fund 61 since the funds are no longer restricted. County boards of education will then need to budget their lower, revised amount of Step 7d funding from the schedule in Fund 11 using Revenue Source Code 03111 in project 00000. County boards that wish to track the Step 7d funds separately in a local 9XXXX project should use the intrafund transfer process instead of budgeting the unrestricted state aid revenue directly into project 9XXXX.

Doddridge County originally budgeted Step 7d as a transfer out of Fund 11 into Fund 61. Doddridge County should reverse the full amount of the transfer revenue and corresponding expenses originally budgeted in Project 0807X in Fund 61. In Fund 11, the county will no longer be doing a transfer into Fund 61, so the county should credit fund transfers out (Object Code 911) for the amount originally budgeted for Step 7d. The debit side of that Fund 11 entry could be to a reserve for contingency account or another allowable expenditure line. If Doddridge County chooses to track Step 7d in Fund 11 using a local project (9XXXX), the county would do an intrafund transfer within Fund 11.

Schedule 7: Schedule 7 reflects the additional unrestricted state aid that is to be budgeted by each county board of education or MCVC via a supplement after consideration of the other budget revisions made from Schedule 6. This amount will be budgeted with a revenue source code of 03111 in Fund 11/Fund 13 to Project 00000. This amount was calculated as follows:

Total Additional Unrestricted State Aid (Per Schedule 2)

Less: Amount of Additional Estimated State Aid Included in Original Budget
Bus Replacement Amount Moved from Restricted State Aid Revenue
Additional Professional Staff Development Council Amount
Additional Service Staff Development Council Amount
Step 7a Amount Moved from Restricted State Aid Revenue
Step 7b Amount Moved from Restricted State Aid Revenue
Step 7c Amount Moved from Restricted State Aid Revenue
Step 7d Amount Moved from Restricted State Aid Revenue

After all the budget revisions from Schedules 6 and 7 have been made, each county board of education and MCVC should run budget reports in WVEIS to verify that the total amount budgeted to Revenue Source Code 03111 matches the amount from the PBNSA 20 – Final Comps Schedule.

<u>Schedule 8:</u> Schedule 8 provides the detailed calculations related to the budget supplements that county boards of education and MCVCs must submit to increase the amounts for the Faculty Senate changes from HB 206. These additional faculty senate amounts are <u>restricted</u> state aid. The additional amounts must be budgeted in Fund 61, Revenue Source Code of 03211, and Project Code 08Y4X.

Doddridge County will need to increase the Fund Transfers Out in Fund 11 by the additional faculty senate amount and will also need to increase the corresponding amounts in Fund 61, Project 08Y4X, Revenue Source Code 05211.

If you have any questions regarding the budget revision requirements outlined in this memorandum, please contact the coordinator from the Office of School Finance that is assigned to your county at 304-558-6300 or via email:

Uriah Cummings
 Josh Harner
 Joshua.harner@k12.wv.us
 Mercer – Wyoming

As a final reminder, all budget revisions are due to the WVDE by no later than October 15, 2019.

COUNTY BOARDS OF EDUCATION NET STATE AID TO BE BUDGETED AS UNRESTRICTED REVENUES AND EXPENDITURES - (BASED ON THE FINAL COMPUTATIONS) FOR THE 2019-20 YEAR
